RECRUIT PITCHES HIGH CLASS BALL

"Reb" Faber

"Reb" Faber, a White Sox recruit pitcher, formerly of the Des Moines team of the Western league, is making Windy City fans sit up and take notice. In a recent game in Chicago he allowed the Philadelphia champiens nothing but a scratch hit and shut them out 2-0.

WATER USERS MEET IN CHANDLER TOWN

McDermott, Jones and Orme of the United States reclamation service and Water Users' association, dined with Mr. J. R. Loftus at the San Marcos Summer club Friday evening, and later met with the farmers of the Chandler district in an open discussion of the present condition of water distribution from the dam and the wells of the Chandler district. The discussion brought out the fact that the people of the Chandler district were much more fortunate than those of other parts of the valley in the possession of the pumps at a time when gravity water is short. Practically all of the alfalfa in the Chandler district, as well as the perishable crops, will be able to obtain water service from the pumps by the paying of the emergency water charge of \$1.25 per acre foot.

CENTER OF COTTON INDUSTRY The leasing of the Chandler Cotton Gin by the Arizona Egyptian Cotton company, centers the business of the largest cotton operations in the valley at Chandler. Two additional gins will be installed, making a total of twelve, with a capacity of 36 bales of cotton each 24 hours. It will be the policy of the Arizona Egyptian Cotton company to purchase all the seed cotton offered them, as well as to do custom ginning and purchase lint cotton in the bale, Mr. H. B. Atha, president of the Arizona Egyptian Cotton company, pects to be in a position to handle all the cotton offered them on the south side. Mr. Atha wishes to correct the impression that he is a representative of the American Thread company, and states that as the president and general manager of the Arizona Egyptian Cotton company, that he is ready to do business with any and all consumers of the Arizona staple

SECRETARY CHANDLER CHAM-BER OF COMMERCE RETURNS

W. J. Lewis, secretary of the Chander chamber of commerce returned to day from Chicago where he has been for some time on private and chamber of commerce business. In talking with the secretaries of the various auto clubs in the east, Mr. Lewis found that they would be delighted to put those members who intend to drive to the coast in 1915 in personal touch with parties along the Borderland Route. It was stated by them that the contem-plated action on the part of the cities along the Borderland Route, in getting first-hand information to the autoist and making him feel that he was personally acquainted with someone in each town en route, would be one of the greatest inducements to westbound auto travel to come our way. Mr. Lewis was accompanied on his return by his mother, Mrs. George F. Lewis, and Miss Helen Gross, daughter of H. H. Gross of Chicago, president of the National Soil Fertility league, and the owner of 40 acres of land adjoining the Chandler townsite.

BOOST BOYS' COTTON CLUB The Business Farmer, published in Southern California, comes out this week with a full page frintispiece filustration, of a field of Arizona Egyptian cotton grown by the Chandler Boys' cotton club. Chandler had the in the United States. Last year a boys' club was organized in the Chandler school, and members invited from Gilbert, Kyrene and Higley. Marshall custin of Kyrene, won the first prize, and the results obtained were so good that the University of Arizona decided to organize state wide clubs, and through Prof. Morse are giving this work much special attention.

A Torpid Liver is a fine field for the Malarial Germ and it thrives wonderfully. The cer-tain result in such cases is a spell of Chilis.

HERBINE

Liver Regulator.

It puts the liver in healthy, vigorous condition and cures the chills by destroying the disease germs which infest the system. Herbine is a fine antiperiodic medicine, more effective than the syrupy mixtures that sicken the stomach; betive than the syrupy mixtures that sicken the stomach; because it not only kills the discome germs, but acts effectively in the liver, stomach and bowels, thus putting the system in condition to successfully resist the usual third or seventh day return of the chill. Herbine is a cleansing and invigorating medicine for the whole body.

IT'S THE MOST-TALKED-OF CAR IN THE WORLD

Sterling Merit Has Sold It to Over 530,000 People of Every Nation the World Over

The Car is Mechanically Correct, of Great Strength, Simple, of Few Parts, Silent in Operation and Easily Controlled. The Body is Roomy and Comfortable and There is Beauty in Design, Rather Than Fashion, for Fashion Soon Changes. Considering the Weight the Motor Is the Most Powerful Used in Any Automobile

Model T Ford Features

An important feature of the Ford is the fact that there are but four constructional units in the car-the power plant-the frame-the front axie-the rear axle. These, and any part of them, are easily accessible and can be quickly removed for adjustment or replacement.

Perhaps the most distinctive one feature of the Ford is its simply constructed, easily operated and powerful engine. While its four cylinders are rated to produce twenty-three horsepower, in actuality the Ford has more power per pound of car than any other automobile made. As a hill-climber it is without an equal and holds the world's hill-climbing record. Ford engines are all alike, all maximumly efficient, powerful, simple

Cost of Maintenance is the Lowest

By all counts the Ford costs less to operate than any other ment of the person who drives the car, and the conditions under which it is maintained. Many of our owners drive their cars at a cost of less than a cent a mile. A few of them double this cost. One owner recently drove his Ford a hundred and nine miles at a total cost for gasoline and oil of eighty-one cents-a not exceptional experience. By all tests the Ford's cost of mainteenance-is demonstrated to be the lowest.

with friends in the Gem City. CHAMBER COMMERCE MEETING

The meeting of the Chandler chamber of commerce, held in the Monroe hall last evening, was attended by more than 200 ranchers in the district. The excellent cooperative work of the Chandler farmers and the fact that every man, woman and child is for Chandler first, is responsible for the remarkable growth of the town,

IT PAYS TO ADVERTISE

"Waiter, what does this mean? Yesterday I was served for the same price a portion of chicken twice the size of this."

"Yes, sir!" answered the waiter Where did you sit, sir?" "Over by the window." "Then that accounts for it. We

always give people who sit by the windows large portions. It is an advertisement!"-Brooklyn Eagle.
